- Anodised silver finish
- Two twist out stabilising feet
- Pre-tensioned
- Poles are bungeed together and push into the base unit
- Comes with carry bag
- 1 year warranty

The CIVIC is a single sided roller banner stand (1980mm high x 850mm wide). The external finish is anodised aluminium. The Roller 1 features two twist-out stabilising feet and integral pole storage. The bungeed poles fit into a recess in the back of the unit. The unit is supplied with a carry bag.

Graphics are attached by double sided tape to the leader and to the top hanger bar. The Civic is pre-tensioned and the tension is released (after the graphic is fitted) by the removal of a pin in end of the base unit. The pin can be stored in a plastic clip underneath the unit.

The CIVIC banner stand comes with a one year warranty.
